

## SCOPE

The **IX International Congress and 23th Technical Meeting** is the biennial event of AATH that brings together outstanding experts in Concrete Technology in Argentina, along with international personalities prominent in the sector.

## VENUE

**La Plata** is the capital of the Province of Buenos Aires, Argentina. Previously, AATH has celebrated its biennial meeting in this city in 1982 and 1995. Similar events in the area took place in La Plata in 2005 (fib Symposium) and 2015 (Sustain Concrete). Because of this background and its academic, scientific and professional spirit, the city constitutes a **pole of knowledge** in the area of Concrete Technology.

**DUE TO SPECIAL PROVISIONS TO COUNTERACT THE COVID-19 PANDEMY, THE PRESENT EVENT WILL BE HELD VIRTUALLY, WITH ONLINE ACCESS TO ALL ACTIVITIES**

## Themes

1. Cements and Supplementary Cementitious Materials
2. Aggregates for Concrete and Mortar
3. Fresh Concrete and First Hours of Concrete
4. Properties of Hardened Concrete
5. Historical and Contemporary Concrete Works
6. Concrete Durability
7. High Performance Concrete
8. Pathology and repair of concrete structures
9. Quality assurance and evaluation techniques
10. Panel of significative works
